FOREWORD

Varsity, the theme of our yearbook, means the senior members of a team. In this book we have tried to capture the outstanding features of the Senior High School, the Varsity squad, whose goal is the useful and purposeful life gained through education and understanding.

Here we have stored memories for us to respect as we become the leaders of tomorrow. When we become discouraged and fall into a state of despair, these memories will instill in us the courage to accept the challenge and the hope to expect great victories.

Things To Do . . .

★ *Use excerpts from "The American Scriptures" in administrative reports, speeches, bulletin-board displays, and the like.*

★ *Discuss with your school board the scope of your present school program, considered against the background of America's practices and her ideals.*

★ *Plan and launch a program of more effective cooperation on the part of the school with other community agencies and institutions.*

★ *In the in-service program for the professional staff, include the study and discussion of the unique role of the school in narrowing the gap between ideals and practices.*

★ *Beginning with the excerpts from "The American Scriptures" listed in this chapter, start a "collection" of significant expressions of the aims and ideals of democracy.*

★ *Select illustrations in your community of practices inconsistent with democratic ideals.*

★ *Catalog and document "what is right with America"—significant practices that are consistent with democracy's ideals.*

Presentday America

MR. ERVIN R. FLETCHER
Superintendent of Schools

To the Class of 1954:

As you commence a new life beyond high school and go forward into the future, I would like to think that you will remember the days you have spent here and cherish those memories of good times, people, fellow students, subjects, and also some of those experiences which may not have been so pleasant at the time but which were most rewarding even so. I would like to wish that you will come back to visit your teachers and your classrooms often.

However, we realize that in your new life you will find activities of great importance and of deep interest which will often keep you from doing those things which you would do if you had the time to spare. Because I know this is true in most of our lives, I would like to leave with you one thought which I hope you will carry throughout your lives. It is this: that you strive to find beauty in simple things for it is often in the simple things that we may find our greatest happiness and the most enjoyment. A glass of pure cold water is common and simple, but in its very simplicity lies its great beauty; and so it is with many of the simple common things of life which may make the difference between life or death; happiness or dismay; ugliness or great beauty. It takes knowledge and understanding to recognize beauty in the simple things. We hope that our schools have helped you to gain this knowledge and understanding so that you too may find beauty in the common things throughout your lives.

DEAR SENIORS:

Our forefathers from generation to generation have been inspired by the dreams of a land wherein life would be richer, finer, and better, with opportunities for every person. For us to lose that faith now would be to extinguish one of the last beacons in this darkening world.

The challenge is great but I am sure that with perseverance and abiding faith in Almighty God, success will be yours.

Sincerely,

LOUIS C. HORSMAN,
Principal

In Memoriam

JOYCE FULMER

In years to come when we again turn these pages our eyes will meet this photograph and we will linger for a while. Back through the years to a pretty, blonde haired girl with a smile on her lips and happiness in her eyes.

When Joyce left us she left a vacancy in our class that could not be filled by anyone. Her presence could brighten the gloomiest heart.

God will call us all home someday and when we reach his side we will find Joyce there waiting for us with a cheerful smile and her friendly, "Hi, Kids!"

OUR ALMA MATER

To the tune of "THOSE ENDEARING YOUNG CHARMS"

Oh! Port Jervis, thy sons are both gallant and bold;
Thy daughters are pretty and sweet;
Wherever we are or wherever we go
Port Jervis will bear no defeat.
We have fought with a will; we are all fighting still
For the honor of P. J. so fair.
The school that we love with our might and our main
Where are others when P. J. is there?
